State of New Hampshire

To the inhabitants of the Town of Bath
qualified to vote in town affairs :

WARRANT FOR THE ANNUAL TOWN MEETING

You are hereby notified to meet at the Town Hall in said town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects :

ARTICLE 1. To choose a town clerk, three selectmen, town treasurer, anditor, and one or more highway agents for the ensuing year ; one library trustee for the term of three years, in place of Dwight P. Child, term expired, and one trustee of trust funds for the term of three years, in place of Harry Woods, term expired.

ART. 2. To choose all other necessary officers and agents and to hear reports of officers and agents heretofore chosen, and pass any vote relating thereto.

ART. 3. To see how much money the town will vote to raise for the proper observance of Memorial Day and Old Home Day, and for other patriotic purposes.

ART. 4. To see how much money the town will vote to raise for the support of the poor.

ART. 5. To see how much money the town will vote to raise to pay town officers.

ART. 6. To see how much money the town will vote to raise for the support of the town library.

ART. 7. To see how much money the town will vote to raise for repairing highways and bridges.

ART. 8. To raise and appropriate such sums of money as may be necessary for the maintenance of the State Aid and Trunk Line roads.

ART. 9. To see what action the town will take in regard to securing state aid for highways, and make the necessary appropriation therefor.

ART. 10. To see if the town will raise and appropriate the sum of one hundred and twenty-five dollars, or any other sum, for the control of White Pine Blister Rust.

ART. 11. To see if the town will vote to accept from the estate of Marcia S. Bailey the sum of fifty dollars in trust, to be known as the Benjamin F. Bailey Fund. This sum of fifty dollars to remain on deposit until such time as the interest from said sum and such other additions to the principal as may be made from time to time, shall amount to one hundred dollars, after which time so much of the income thereof as may be necessary shall be used for the perpetual care of the burial lot in the Bath Village cemetery wherein are buried the remains of Benjamin F. Bailey, Lydia Bailey, Ada Bailey and Ella Burnham, and the surplus income, if any, shall be added to the principal of said trust fund, or applied to such public purposes and uses as may, to the trustees of the trust funds, seem right and proper.

ART. 12. To see if the town will vote to dispense with delivering the inventory blanks until April 1st.

ART. 13. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 18th day of February, A. D. 1919.

JOHN B. HIBBARD,
TIMOTHY B. SOUTHARD,
Selectmen of Bath.

CLAYTON C. FOSTER,

Town Auditor.

Bath, N. H., Feb. 12, 1919.

REPORT OF SELECTMEN

To the Citizens and Taxpayers of Bath:

On the foregoing pages we present the annual report for the financial year ending January 31, 1919.

The expense of repairing the Bath bridge has been considerably in excess of the estimate submitted in the last annual report, due in part to the higher prices in force, but principally to the fact that much more extensive repairs were made than those included in the estimate, namely; building up the west pier to full height and cementing around the base, putting new arches in the second and third spans, and shingling the north side of the roof. On the other hand the estimate included the expense of reboarding the bridge, which still remains to be done. The railroad raised the bridge about two feet, which caused the town some additional expense, but we believe it was worth the money, as the bridge is in much better shape than it would otherwise have been.

The understanding with the Railroad Co. was that the town was willing they should raise the bridge to a height of not more than two feet above the old elevation; the work to be done wholly at the railroad's expense, with the exception of building up the west pier, which the town had planned to do anyway, and of grading the approaches, which the town agreed to take care of. The only expense to the town for raising the bridge was for building up the pier an extra two feet at a cost of about \$140.00, building the wing walls, which could have been dispensed with, and grading the approaches, part of which needed to be done anyway. The town was saved the expense of putting in false work to support the easterly span while the arches were being reinforced.

All bridge bills contracted to date have been paid with the exception of a bill from the B. & M. Railroad for 145 yards of gravel, \$14.50, which was presented too late to be included in this report.

The expenses of the town building have been somewhat greater than usual, as we had to purchase a new engine for the light plant, and construct new steps.

No state aid road was built the past year. The sum of \$579.42 remains to be laid out on the brick yard road. It is our understanding that the joint fund for 1918, amounting to \$1,732.30 is to be laid out on the Swiftwater branch. If the town votes to accept state aid this year the sum of \$1,332 must be raised, to which the state will add \$532.80, making the joint fund \$1864.80. If this should also be laid out on the Swiftwater branch, it would put the road nearly through to Swiftwater village.

The estimate of the State Highway Department for Trunk line maintenance in Bath this year is \$1419.00. The town must appropriate \$533.00 toward this sum and the state will appropriate the balance.

The estimate for State Aid maintenance is \$250.00, of which \$125.00 must be appropriated by the town and the balance by the state.

The article in the warrant in regard to White Pine Blister Rust was inserted at the request of the Forestry Commission, who state that whatever money the town may appropriate will be increased through federal and state allotments on the basis of three dollars of state and federal money to one dollar of town money. They state further, that it would not be practicable to undertake this cooperative work unless at least \$125.00 is appropriated by the town, and that they would not recommend appropriating more than \$200.00 this year.

Neither of the school districts have submitted estimates of their expenses for the coming year, nor do we know the amount of the state and county tax for 1919, and without these items it is difficult to prepare a complete budget as required by law, so we have omitted it entirely from this report. The actual expenses and appropriations for the past year are given in another part of this report. As something to work on, we submit the following estimate of town expenses for the ensuing year :

Town officer's salaries and expenses	\$ 650 00
Repair of highways and bridges, including general expenses of highway department	4,100 00
State Aid maintenance	125 00
State Aid construction	1,332 00
Trunk Line maintenance	533 00
For support of the poor	200 00
For support of library	150 00
Memorial Day	10 00

If the above sums are appropriated the town tax rate will be slightly higher than last year.

Respectfully submitted,

JOHN B. HIBBARD,	} Selectmen.
T. B. SOUTHARD,	
H. A. LEIGHTON,	

BATH FREE PUBLIC LIBRARY

Librarian's Report

To the people of Bath the following report is respectfully submitted :

The library contains 3,696 volumes, exclusive of State and Government reports.

One hundred and fifteen volumes have been added during the year by purchase, and three by gift, as follows: One by the Carnegie Endowment of International Peace, one by the late Dr. William Child, and one by the State. Thirty-five of the old books have been removed.

Periodicals taken by the library: Literary Digest. The New Republic, National Geographic Magazine, Century, Ladies' Home Journal, Everybody's, Bookman, Good Housekeeping, Popular Science, Popular Mechanics and National Sportsman. The Youth's Companion was donated this last year.

CIRCULATION

Number of volumes fiction loaned	3,017
Number of volumes juvenile fiction loaned	524
Number of volumes of non-fiction loaned	260
Number of periodicals loaned	782

E. C. POOR,

Trustees of the Trust Funds.

I hereby certify that I have examined the accounts of the Trustees of the Trust Funds and find them correctly cast. The S. K. Hibbard legacy and the Wm. Simonds legacy are each secured by notes given by the town of Bath. The H. C. Hutchins legacy is secured by the city of Pitts-
ton, Pa., school bonds No.'s 491-492 and 493 of \$500 00 each. The French, Carbee, Jackman, Abbott and Gray trust funds are deposited in the Lisbon Savings Bank and Trust Co., of Lisbon, N. H.

CLAYTON C. FOSTER,

Auditor.

Bath, N. H., Feb. 10, 1919.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of the Bath Union School District :

I am submitting to you herewith my eighth annual report, the twelfth in the series of district superintendents' reports.

As a matter of record and perchance of interest to some I am giving the following statistics from the report to the state for the year ending August 31, 1918 :

Whole number of pupils attending at least two weeks	57
Average attendance in all schools	49.8
Average absence in all schools	2.81
Average membership in all schools	48.61
Per cent of attendance	94.22
Number of tardinesses for the year	119
Average salary of grade teachers	\$49.00
Official visits of the school board	7
Number of visits of the superintendent	75
Number of visits of citizens and others	58

PROMOTIONS IN JUNE, 1918

Grade	I	II	III	IV	V	VI	VII	VIII
Promoted	5	2	2	8	5	7	2	5
Not promoted	0	1	0	0	1	0	0	0
Average age	5-10	7-9	8-3	10-2	10	12	12	15

GRADUATES OF THE HIGH SCHOOL, JUNE 1918

Ruth Weeks Dearth	Harold Roy Nelson
Archie Buck Minot	Leslie Garvin Oakes

GRADUATES OF THE ELEMENTARY SCHOOL, JUNE 1918

Ethel Clough	Albia Knighton
Edson Drury	Harriet Nutter

Marjorie Deming

Three pupils were not absent nor tardy for the year :
Lawrence Chase, Margaret Houston and William Houston.

HIGH SCHOOL PROGRAM OF STUDIES AS APPROVED
FOR THE YEAR 1918-1919

	Academic Course	English Course
1st year	Latin English History of Civilization Algebra B. & C. Subjects	English Algebra History of Civilization Bookkeeping and Commercial Arithmetic B. & C. Subjects
2nd year	Latin English French Geometry B. & C. Subjects	English French Geometry Physics B. & C. Subjects
3rd year	Latin English French Physics or Chemistry	English French English History Chemistry
4th year	English U. S. Constitutional History French Elect one : Latin or Solid Geom. & Trig.	English U. S. Constitutional History French Solid Geometry and Trigonometry

The district is fortunate in retaining the services of three of last years teachers, Miss Winifred Sargent in the primary room, Miss Mary Fisher in the grammar room and

Mrs. Ellen Chase in the high school. Mrs. Stanley Johnson kindly consented to assist in the high school as a patriotic duty during the scarcity of teachers. The value of experienced teachers is clearly shown in the results accomplished. That the high school still keeps up its good record is indicated by the following quotation from a letter received from Mr. Butterfield, State Superintendent, acknowledging the high school reports for 1917-18: "I have received and read the statistical and work reports of the Bath High School for 1917-18. The report is good. I was particularly pleased to note the amount covered in Latin and French and the extra work done in chemistry. The school had no failure and carried 80 per cent of its pupils to graduation. This is creditable. It is also the only school in the state to send 100 per cent of its last graduating class to advanced post-secondary work."

There are sixteen pupils in the high school, which is more than the average for the past few years. It looks probable that this number is likely to be increased rather than decreased during the next few years as the grammar and intermediate grades have a good enrollment. The number in the primary grades is small at present.

During the year new plumbing has been placed in the boys basement and the desks of the high school room have been rearranged to take advantage of the light.

The prevailing scarcity of teachers and the higher salaries resulting therefrom are likely to continue. There is no probability that books and supplies will be cheaper during the coming year. This should be taken into account in making up the appropriations for next year. It should also be remembered that the financial as well as the scholastic year now closes August 31 instead of February 1, and that appropriations made at the coming school meeting are to

carry the schools through to August 31, 1920. About fifty dollars extra should be added to the usual amount raised for supplies to be used for additional science equipment for the laboratory.

I wish to express my appreciation of the helpful attitude of all those who have been associated with me in the work of the year.

Respectfully submitted,

NORMAN J. PAGE.

The reports of the school board are somewhat alike from year to year. We were somewhat broken up by sickness the first of the year, making it necessary to shorten our vacations and put in some extra work. We leave the results to be reported by our supervisor. It is not necessary to make any report of the high cost of everything connected with our schools, for everyone knows about it. We fear we did not make allowance enough to quite cover it, but have tried to do our best. It is impossible to suggest what is needed for another year until it is found what action the Legislature takes in regard to the Education bill now before it. If it becomes a law it will make many changes and I think be a benefit in many ways to country towns.

Respectfully submitted,

JONAS MINOT.

At the end of the school year August 31, 1918 the total receipts were \$1,383.94, the total expenditures were \$1,225.21. There was a balance of \$158.73 in the hands of the Treasurer.

NAPOLEON B. FOSTER,
Treasurer Union School District.

I have examined the foregoing account and find it properly vouched and correctly cast. I find that there is a balance of \$1,429.16 in the hands of the Treasurer on Sept. 1, 1919. At the beginning of the school year on Sept. 1, 1918 there was a balance of \$158.73, in the hands of the Treasurer.

C. C. FOSTER,
Auditor.

Bath, N. H., Feb. 11, 1919.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of the Bath Town School District :

I am submitting to you my eighth annual report, the twelfth in the series of district superintendents' reports.

The number of pupils registered in each of the five schools in town with the names of the teachers is here given.

Carbee—Violet Ward	17 pupils
Hibbard—Dorothy Frost, Una Dearth	13 pupils
Nutter—Minnie Morris	13 pupils
Swiftwater—Josephine Bruce	25 pupils
Pettyboro—Vera Shields	12 pupils
<hr/>	
Total	80 pupils

In addition three pupils from the Sawyer district are attending the Woodsville grades. There are also thirteen high school students at Bath, Lisbon and Woodsville.

The following items are taken from the report to the state for the year ending August 31, 1918 :

Whole number of pupils attending at least two weeks	92
Average attendance in all schools	66.1
Average absence in all schools	5.08
Average membership in all schools	71.18
Per cent of attendance	92.89
Number of tardinesses	353
Number of high school tuition pupils	12
Number of visits of school board	10
Number of visits of the superintendent	86
Number of visits of citizens and others	167
Average salary of teachers per month	\$43.46

PROMOTIONS IN JUNE, 1918

Grade	I	II	III	IV	V	VI	VII	VIII
Promoted	11	0	7	11	7	10	5	7
Not promoted	4	4	3	4	1	0	0	2
Average age	6-3	7-3	9-4	10-8	10-9	11-1	13-2	13-3

Pupils who have not been absent nor tardy during the year: Queenie Wright, Doris Wright, Dana Sawyer, Roland Campbell, Walter Campbell, Leona Greenwood, Leora Greenwood, Eunice Flanders, Marguerite Lang.

Graduates of the eight grade: Lena Hunt, Walter Hunt, Harriet Nutter, Nelson Roy, Marguerite Lang, Holman Whitney, Earl Mason, Vera Woolson, Esther Lang.

At the opening of the school year three of the five teachers were experienced and the work in general has gone on successfully. At the beginning of the winter term Miss Dorothy Frost resigned on account of illness and Miss Una Dearth took her place. The salaries of teachers have never been so high and it seems quite probable that they will continue so, whatever may happen to other classes of labor. This fact should be kept in mind in making appropriations for the coming year.

The continued high cost of labor and materials has prohibited any school house repairs except such as were absolutely necessary. Some appropriation, however, should be made for this work in order that, if conditions warrant, the repair program already begun may be continued. New floors are badly needed at Pettyboro and Carbee, new shingles and blackboards at Carbee, ventilating or jacketted stoves in all schools and some of the houses are in need of outside paint. Shabby public buildings are not a good advertisement for a prosperous town.

The transportation of school children when the distance is so great that it is unreasonable to expect them to walk is a problem which is demanding attention. The state expects towns to provide for such cases as far as they can without prejudice to the other schools in town in order that all children may have as nearly equal opportunities for acquiring an education as possible.

The State Department of Public Instruction is asking all of the school children of the state to enroll in the New Hampshire Army of Junior Food Producers which is a division of the United States School Garden Army organized under the United States Department of Education. This is a great state and nation wide movement to produce more food and to teach thrift by helping the boys and girls to make use of the opportunities close at hand. I suggest to the parents that it is quite worth while to encourage and to assist the children to do their bit in this way, for outside the economic value of the results there will be taught invaluable lessons in the appreciation of the opportunities of the farm.

In closing I wish to express my appreciation of the continued pleasant relations of previous years.

Respectfully submitted,

NORMAN J. PAGE.

REPORT OF BATH TOWN SCHOOL DISTRICT

A full report can not be given this year as the fiscal and scholastic year ends August 31, 1919.

The district will need the usual amount raised for High school tuition, supplies and repairs.

We wish everyone to consider the carrying of pupils to school that are out of the school limits.

Respectfully submitted,

SUSIE D. NUTTER,
D. E. POWERS,
MARION M. CHILD.

January 30, 1919.

TREASURER'S REPORT

February 1, 1918, to August 31, 1918
Current Revenue, to Feb. 1, 1919.

Balance from last year	\$1693 91
Amount required by law 1918	783 63
Additional amount voted for school purposes	1500 00
Amount voted for school books and supplies	100 00

	<hr/>
Total expenditures	\$1,878 10
Cash balance	\$3,419 88
	<hr/>
	\$5,297 98

This cash balance Feb. 1st, 1919, is \$1,635 60

This report only covers seven months expense, which accounts for the large amount of cash in hands of treasurer.

The law requiring the school year to end August 31 instead of February 1, as heretofore.

Respectfully submitted,

P. J. POOR, Treasurer.

I have examined the above account and find it correctly cast and properly vouched. The total receipts to September 1st, 1918, were \$1,964.91. The total expenditures were \$1,878.10 September 1st, 1918. The cash balance was \$86.81. Total receipts Feb. 1st, 1919, were \$5,297.98. Total expenditures to Feb. 1st, 1919, \$3,662.38, leaving a cash balance of \$1,635.60 in the hands of the treasurer.

C. C. FOSTER, Auditor.

VITAL STATISTICS

Vital Statistics

To the selectmen of Bath: In compliance with an act of the Legislature passed June session 1877 requiring officers for "clerks of towns and cities to furnish a transcript of births, marriages and deaths to the municipal publication in the annual reports." I submit the following Vital Statistics:

I hereby certify that the following return is correct, according to the best of my knowledge and belief.
